<i>** Consult fee examples include, Adding external SNP profiles to database, reissue of results eg. Certificates, reissue of results to third party, reissue of animal details, reformat results, non approved submission forms.</i>	

It is a requirement from 1st July 2019 that all new Sires and donor dams must have a Shorthorn Standard Bundle test prior to registering progeny. All imported Sires and Donor dams, from 1st July 2019, will be required to have a SeekSire test from an approved Australian laboratory, prior to registration of progeny. They must also meet all other requirements for registration.
