

## BELMORE SHORTHORNS | NEWSLETTER 2022

### Belmore's Annual Bull Sale 2022

We are looking forward to our 2022 bull sale, with an impressive selection of bulls to offer. These boys moved to our new bull raising block 'Little Belmore' at the beginning of September to quality pasture and settled in well. This quality line-up will be semen-tested, Zoetis STAR Program certified and have comprehensive performance data available, allowing you to buy with confidence. All sale cattle have a J-BAS 8+ status.

We have a couple of exceptional bulls by AI sire Yamburgan Gigabytes M1052 who is breeding really well at Yamburgan siring the top and second top priced bulls at their 2021 sale. Three new sires will have sons in our 2022 bull sale including RAS 2019 Senior Champion Belmore Mr Gus N255, meaty red sire Belmore Oregon N61 and roan work horse Bayview Bernard N9.

Sons of Royalla Tremain M260 and Eloora Fortress L19 are developing nicely. Both these sires are looking good down at Yatana having just come out of their cows.

A number of bulls in the catalogue are sired by Polldale Keep Up K129, Wynyard Larrikin L114, Bayview Unique M18 and Royalla Tsar M27 all of whom have had sons in our prior sales.

Sons of our previous sale topping sires Belmore Quantur G193 and Windsor Northern Cedar complete the offering. For further information or to arrange an inspection please contact Andy.

**B. Quantur G193 & Y. Gigabytes M1052 sons.**

**Bull Sale:** 1:30pm (SA time) on **Thursday 21st April 2022** at Stoney Point Sale Complex, Naracoorte.

# New Sires Purchased 2021

Three new sires were introduced to the Belmore herd in 2021. The top two priced bulls from the Yamburgan sale, both sired by Y. Gigabytes M1052. They are dark red-roans and have continued to develop nicely out with the cows. The third sire The Grove Blotched Q0595 is a rich red with an exciting pedigree. We look forward to seeing their progeny in the future.

It is with great excitement that we officially announce Belmore Shorthorns move further south of Naracoorte to Yatana following the sale of Exmoor.

This is the second time in the Stud's history that we have relocated our herd, from our namesake Belmore Station to Exmoor in 1979 and now to Yatana some 41 years later.

Yatana is a magnificent property enabling us to focus on breeding quality sires for many years to come. We look forward to continuing to offer the finest selection of Shorthorn bulls at our annual bull sale.

We welcome back Garry and Margaret Sims to manage this beautiful property, having worked at Exmoor in the mid 2000's. Garry has hit the

ground running with many water and fencing infrastructure upgrades required to house the cattle through summer. Our daughter Ali continues to manage our systems and sales operations and has taken on a greater role on property, overseeing a number of livestock initiatives.

Sally and I have moved to Little Belmore where the bulls will be grown out. This is a busy and exciting time with new properties to get to know and our 2022 bull sale date approaching fast.
